

FRIENDS OF CORVAIR MEMBERSHIP APPLICATION

We think the Corvair is the best little car to come out of Detroit in a long time. We're convinced that the Corvair is potentially one of the best engineered American production cars of modern times. We thoroughly enjoy our Corvairs, and we are very proud to own and drive them. If your interest in Corvairs is as deep as ours, we're sure you'll join the fun and fellowship of our club, and we invite you to join us.
